

## INTERESTS OF WESTERLY

**Auto Party in Accident at Attleboro—Jury in Cravagreen Murder Case Kept Together Saturday and Sunday**  
—Principal John H. Swain Leaving High School to Become Principal in North Providence.

It is of interest to the granite men of Westery to know that granite is well in demand for the construction of public buildings, especially postoffices, and that it is probable granite will be the material used in the construction of the new postoffice in Westery. It may be a repetition of the old saw of carrying coal to Newcastle to have granite brought from Vermont for the Westery building, still it is among the possibilities.

The government has just awarded to the Woodbury Granite company of Haverhill, the contract for furnishing the granite to be used in the construction of the postoffice at Minneapolis; the money consideration is said to be \$125,000. This is the 22d postoffice building contract awarded to the Woodbury company this year.

Shortly after 3 o'clock Friday afternoon Clifford W. Campbell, Arthur Perry, George Benson, Walter Utter, Stanton and Dr. A. H. Spicer, Jr., left Westery for Boston in Mr. Campbell's touring car. In turning the corner into Brown street, Attleboro, at 7 o'clock in the evening the car skidded to the mud and over so quickly that the occupants were pinned under the car, but they were able to extricate themselves without the assistance of others. Just as quickly as possible the registered numbers were taken from the machine in order to escape identification and prevent news of the accident coming to Westery and causing anxiety to the relatives and friends of the party here. After leaving orders at a local garage for the care of the car the party proceeded by rail, and remained in that city Saturday, some of the party attending the Harvard-Yale game.

While Mr. Campbell and his friends were considerably shaken up and bruised, they escaped serious injury.

There are several witnesses yet to be called for the state in the trial of Edwin Cravagreen, charged with the murder of Joseph Brigham, which is being heard in the superior court for Washington county at South Kingfield, and which will resume this (Monday) morning. At the closing session, Friday afternoon Attorney George J. Jackson, Cravagreen's employer, upset the contention of the prosecution that the gun which is in evidence was the one with which the murder was committed. Mr. Johnson testified that he was owner of the gun, and that he placed it in the old farm-house, and always kept a loose piece of string in the gun, forming a figure eight, so that he could tell if the gun had been disturbed. The gun was just as he usually left it, with the string in position, the morning that Brigham was killed. He also accounted for all of the cartridges in the box, which had been produced in evidence. The box shows five gone, and he testified that he used three and Mr. Benson one, and the other one was in the gun.

Henry E. Lane told of returning to the farm from Narragansett Pier with Cravagreen at 10:30 the night before the murder, and that defendant came into the house, but left a few minutes later. Henry E. Handell, who resided on the farm, told Cravagreen, just before the murder, that he was a trouble maker, when defendant told of trouble he had with Brigham over the fence story. In the case, Cravagreen told him that Brigham said he would

blow his head off. Cravagreen said he would trim Brigham so he would know he was trimmed after he got through at the farm.  
Charles A. Bennett, proprietor of the Nixon at Boston Neck, testified that he was connected with the Providence police force for 25 years, and was superintendent of backs for nine years. Early on the morning of the murder he joined Sheriff Wilcox in the search for Cravagreen. He first saw the defendant outside the old farm house in a crouching position, and saw him go into the house. Witness and sheriff followed, and found Cravagreen at the sink. Defendant, in answer to a question, said he had slept in the house, but when taken to his room and shown that the bed had not been slept in, he said he had slept on the piazza. The bottom of the defendant's trousers were covered with mud and coal, and Cravagreen said he was taken then in the automobile to McSparran hill, the scene of the murder. Foot prints were found along the road and Cravagreen's feet fitted them closely. At the Brigham home the defendant trembled, but did not say a word.

Bennett testified on cross-examination that Cravagreen was not advised by Sheriff Wilcox that anything might say would be used against him in court, or that the measurement of his feet in the footprints would be used to his disadvantage.

John H. Swain, for the past three years principal of the Westery High school, will resign, to take effect within two months, to accept the superintendency of schools in North Providence, or one of the other offers that have come to him since he has been at work in Westery. Mr. Swain has been very successful here and greatly respected by the community, and has the confidence of pupils, parents and the general public. Since his graduation from the University of Maine he has held positions in Salem, Me.; Freehold, N. J.; Westleigh Institute, New York; Patten, Me.; and Maynard, Mass.

**Want New Federal Building.**  
A movement has been started among some of the business men of the borough to have a new federal building erected in hopes of getting a federal building for Stonington borough. The new building could be located in such a building are the postoffice, customs office, the harbor masters' office, the town court, the town clerk, judge of probate, an office of the selectmen and town hall. The grouping of government and town offices in one building would be a great advantage.

**GRAY HAIR MAKES YOU LOOK OLD.**  
A Simple Remedy Brings Back the Natural Color—Dandruff Quickly Removed.

How often one hears the expression, "He is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.  
The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Weyth's Soap and Sulphur Hair Remedy, a preparation which a chemist by the name of Weyth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.  
The pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear. Don't neglect your hair. Start using Weyth's Soap and Sulphur today, and you will be surprised at the quick results.  
This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, The Lee & Osmond Co., 131 Main street.

**GRAY HAIR MAKES YOU LOOK OLD.**  
A Simple Remedy Brings Back the Natural Color—Dandruff Quickly Removed.

How often one hears the expression, "He is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.  
The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Weyth's Soap and Sulphur Hair Remedy, a preparation which a chemist by the name of Weyth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.  
The pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear. Don't neglect your hair. Start using Weyth's Soap and Sulphur today, and you will be surprised at the quick results.  
This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, The Lee & Osmond Co., 131 Main street.
